New Shunga products

New fragrances & flavours

Montreal, Canada – SHUNGA Erotic Art launched new fragrances and flavours in their sensual massage oils, edible massage oils and lip gloss categories. Shunga now offers a Monoi sensual massage oil that will make you feel as if you are in Tahiti.

Ideal for giving or receiving a soothing massage intermingled with sensual caresses; this 100% natural oil with its intoxicating fragrance glides easily and smoothly over the skin without leaving any greasy residue. With the fresh smell of the Tahiti flower, relax and enjoy this delightful aroma. Shunga has also created two new Organica oils made with 100% certified organic ingredients. Intoxicating Chocolate and Almond Sweetness are edible, non greasy

and will not clog skin pores. They are made from pure cold-pressed oils and contain no mineral or animal oils. These two new flavors will be succulent especially on your partner's skin. Discover the new Coconut Divine Oral Pleasure Gloss. Applied on the lips, this lip gloss lets you experience the joys of giving or receiving the divine sensation of oral pleasure. The warming/cooling effect of the gloss is designed to sensitize and excite both the male and female intimate areas by maintaining a stimulating sensation right up to the point of orgasm. The gloss intensifies oral pleasure for him and her and has an amazing Coconut Water taste too! "We create the highest quality products possible to be sure couples have exciting and unforgettable experiences each time with them" says Sylvain Séguin, president of Eau Zone. Under Eau Zone's own control and procedures, SHUNGA's products meet and exceed worldwide regulation standards followed by FDA, Health Canada, European Cosmetic Directive and other country regulation offices. "In my mind, it makes no doubt that the success we encounter worldwide is in part because we control every step of the production & design!" concluded Mr. Seguin.
