Shunga Debuts New Massage Candles

MONTREAL — Shunga has released new massage candles available in 170 ml and 30 ml containers and made from natural oils.

The massage candles are available in six scents, including Vanilla Fetish, Rose Petals, Exotic Fruits, Sparkling Strawberry Wine, Exotic Green tea and Intoxicating Chocolate.

Shunga has revamped the candles with a new embossed can design.

“We finally came through with a unique and exclusive design that reflects the new image of our brand,” says Sylvain Séguin, Eau Zone’s president and creator of this new design. “These are not just beautiful but practical too! It was a technical challenge and we worked for months on the prototype.”

Shunga co-founder Manon Vallée adds, “We want to create pieces of art as it suits our brand’s DNA: Because Love is an Art.” ✖

Revamped Design

Shunga’s candles now come in a new embossed can design.
